

Take a Quick Look at Best Doctors

YOUR 60-SECOND GUIDE TO THE LEADER IN EXPERT SECOND OPINION SERVICES

“I’ve been designing benefits for 20 years and Best Doctors falls into my top list of programs that I’m proudest of bringing to life.” –A Best Doctors Fortune 100 Client

In business for more than **28 years**, we originated the expert second opinion concept

Partnership with **Oncology Insight with Watson** to combine the best medical minds in the world with one of the most advanced technologies available

With over **100,000 completed cases**, we leverage almost limitless data and quality points to ensure the highest quality outcomes

Dedicated clinical integration program to partner with 100+ benefits vendors and fit with plan design

Global presence: we serve over 40 million members worldwide.

We create virtual **Centers of Excellence** programs for knee/hip, bariatrics, transplantation, spinal surgery and many others

Our case reviews make treatment changes **75%** of the time

Complete medical records collection, powered by enhanced EMR systems, with full re-testing of pathology samples

Serve hundreds of clients and have a **96%** retention rate

Ranked among the highest for data tools, service and overall performance in protectively identifying populations for engagement by KLAS Research.

We see surgery avoided in **38%** of cases where it was planned

Independently validated polling process to select expert physicians – across 450 specialties and subspecialties

Our comprehensive, yet conservative, ROI methodology shows cost savings per second opinion of **\$36,000**

Helping our members with any type of medical uncertainty, preventing cases from becoming **high-cost claims**

Our case reviews make diagnosis changes **45%** of the time

“Their goal was my best care ... I feel like Best Doctors helped save my life.” –A Best Doctors Member
