## Why Best Doctors?

Best Doctors offers more than expert second opinions; **they offer peace of mind.**

Understanding your medical diagnosis and/or treatment plan is crucial when making decisions about your health. Being confident that your diagnosis and treatment plan is correct is crucial for peace of mind.

That's why your company provides you and your eligible dependents with the free and confidential expert second opinion service called Best Doctors.

Best Doctors will collect your medical records for you and have them reviewed by a worldrenowned expert physician who will either confirm your diagnosis and treatment plan, or recommend a change.

**Your solution to medical certainty.**
